Game Programmer

Division: [Bethesda Game Studios](#) | Department: [Programming](#) | Location: Rockville , MD, US

Bethesda Game Studios is looking for talented programmers to join our team that is pushing the bleeding-edge of RPG development for the PC and consoles. In this role the Game Programmer will write and develop application specific code based on design requirements. The Game Programmer will work closely with artists, lead engine programmers, designers and producers to implement game features.

Requirements

- B.Sc. in Computer Science and/or Mathematics
- Proficient with c++ and object-oriented programming
- Development experience in the games industry a plus.
- Development experience on game consoles (Xbox360/PS3/Xbox One/PS4) a plus
- Ability to contribute innovative and original ideas towards all aspects of game production and development
- Strong communication and organizational skills
- Must work well under pressure and handle multiple tasks
- Passion for making GREAT games
- Experience playing previous Bethesda Games Studios games

Front End Web Developer

We're looking for an experienced Front End Web Developer. As a Front-end Web Developer at Klei, you will join a world-class group of software engineers, artists, animators and designers who are continually pushing the boundaries of entertainment. We believe in vertically integrating the entire experience, from sign-in to sign-off, and you will be there from the moment they start their interaction.

Skills and Experience Required:

- Expert level in CSS3, Java, JQuery and fluid design.
- Expert level programming skills with experience with PHP or another common web programming language such as Java, Python, Ruby, or C#/.NET
- Web API design experience with JSON and/or XML
- Experience designing and implementing both user facing and backend web experiences.

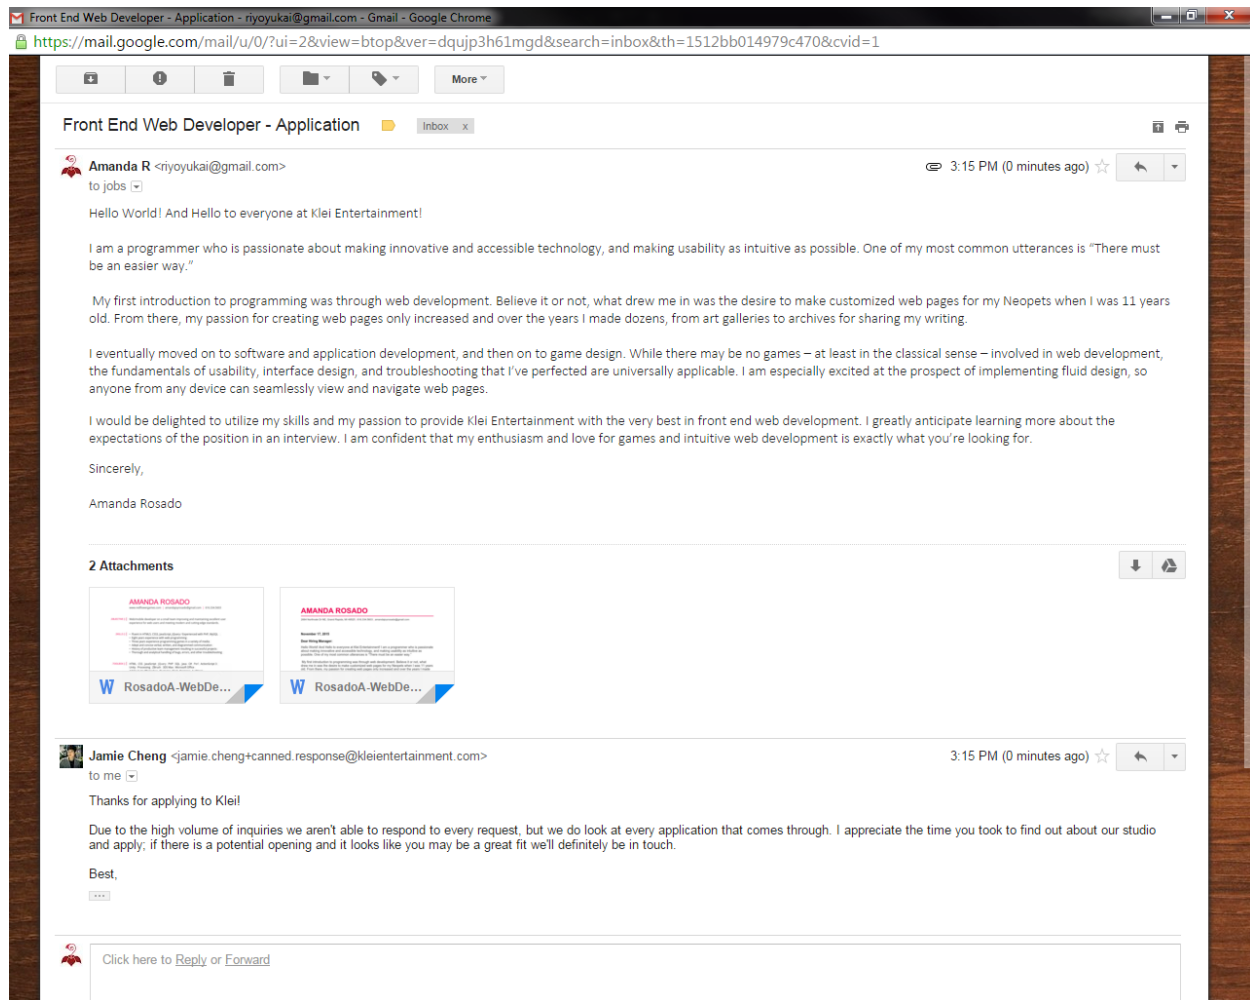

Desirable Skills

- HTML 5 experience
- Knowledgeable in various CMS deployments such as Drupal and IPboard
- Experience with C++/C is also desirable

Think you're the right person? Send your resume, website and/or work!
